Re: Ryan Clarke

It is my pleasure to recommend to your attention Mr. Ryan Clarke who is a candidate for a teaching position in your district.

I have known Mr. Clarke in a professional capacity for five years. During this time, he has served as our Social Studies teacher. His assignment included Grade 8, 9, 10-1, 20-1 and 30-1 Social Studies.

Throughout my acquaintance with Mr. Clarke, he has displayed many qualities which I feel would be of assistance in a position with your district. First, he insists on high standards as demonstrated by his 30-1 diploma results. He continually has maintained a provincial average and this past year had the highest average of all diploma courses in our school. Secondly, Mr. Clarke is dedicated to his students' success, giving freely of his time to tutor at lunch and after school.

In short, when considering Mr. Clarke you would be considering a very progressive, student-caring individual. He is accustomed to problem solving and someone who is able to set goals to succeed. He has many qualities and related experiences that I feel would contribute to his success with your division. You will do well to consider him.

If you have any further questions I would be happy to discuss them with you.

Sincerely,

Darcy Younghans
Assistant Principal
